

BACKGROUND

A regional housing plan was adopted by the Southeastern Wisconsin Regional Planning Commission (SEWRPC) in 2013. The housing plan recommends monitoring steps toward implementation and reporting on the results to determine progress towards achieving the plan vision and objectives. An ongoing, regionwide data collection effort is necessary to undertake this monitoring program. SEWRPC has taken the lead in this effort as part of its duties as the areawide planning agency for the Region; however, partnerships with Federal and State agencies and County and local governments are necessary to ensure the implementation reports are accurate and completed in a timely manner. Implementation reports are prepared on an annual basis, with more comprehensive reports prepared every five to 10 years.

IMPLEMENTATION ACTIVITIES IN 2016

The 2016 implementation report is based on the monitoring schedule set forth in Table 215 of the regional housing plan. Only activities that occurred in 2016 are included. The following list of activities may be incomplete. Please contact Commission staff at 262-547-6721 or sewrpc@sewrpc.org regarding any missing or inaccurate information.

REGIONAL HOUSING PLAN IMPLEMENTATION REPORT: 2016

VISION

"Provide financially sustainable housing for persons of all income levels, age groups, and special needs throughout the entire Southeastern Wisconsin Region."

OBJECTIVES

1. Provide decent, safe, sanitary, and financially sustainable housing for all current residents of the Region, and the Region's anticipated future population.
2. Improve links between jobs and affordable housing by providing additional affordable housing near major employment centers; increasing employment opportunities near concentrations of existing affordable housing; and providing improved public transit between job centers and areas with affordable housing.
3. Maintain and expand the stock of subsidized housing in the Region to meet the anticipated need for such housing.
4. Provide accessible housing choices throughout the Region, including near major employment centers.
5. Eliminate housing discrimination in the Region.
6. Reduce economic and racial segregation in the Region.
7. Encourage the use of environmentally responsible residential development practices throughout the Region.
8. Encourage neighborhood design principles that provide housing in a physical environment that is healthy, safe, convenient, and attractive.

^a Full recommendations are presented in Part 3 of Chapter XII of SEWRPC Planning Report No. 54, A Regional Housing Plan for Southeastern Wisconsin: 2035, March 2013.

^b Monitoring frequency is listed as five years in Table 215. Data on structure type is compiled annually. Data on accessible single-family housing units is compiled on a five year basis.

^c Information will be compiled regarding additional types of subsidized housing for the 10-year plan update.

^d The actual number of vouchers in use by PHAs may be less than the number allotted, which fluctuates based on available funding, participating households, and the funding level needed to make up the difference between 30 percent of a household's income and the actual rent for a housing unit. The number of Section 8 vouchers allocated in the Region remained the same between 2015 and 2016, based on the data provided to SEWRPC.

^e Comprehensive plan amendments submitted to SEWRPC are analyzed each year for implementation of housing plan recommendations and summarized for the annual implementation report.

^f Applies to Counties with general zoning ordinances.

Note: The Wisconsin Department of Administration conducts an annual survey of each local government to collect data on the current housing stock. Respondents generally use building permits and demolition permits to report changes in housing units that are reported by structure type: single-family (including mobile homes), two-family, and multifamily buildings. This table reports changes in the Region's housing stock from January 1, 2010 to January 1, 2017.

Table 8
WHEDA Low-Income Housing Tax Credit (LIHTC) Qualified
Allocation Plan (QAP) Scoring Categories: 2015-2016

Category	Description	Potential Scoring Points
Lower-Income Areas	Development is located within a qualified census tract and contributes to a community revitalization or redevelopment plan and/or is located on Federally designated tribal land.	Up to 5 points
Energy Efficiency and Sustainability	Development is designed to promote long term energy efficiency and sustainability through project design and site location, has a high Walkscore, and/or is near a transit stop.	Up to 43 points
Community Notification and Support	Local notice form signed by elected official or planning director submitted (2 points; local approval not required). Up to six points awarded for letters of support from elected and non-elected local officials, housing authorities, neighborhood groups, or major employers.	Up to 8 points
Mixed-Income Incentive	Development offers both affordable and market rate units.	Up to 15 points
Serves Larger Families (3-bedroom or larger units)	Development offers at least 5 percent of total units with three or more bedrooms.	Up to 8 points if 16 percent or more of units are three or more bedrooms.
Serves Lowest Income Residents	Development reserves units for households with incomes of 50 percent or less than county median income (CMI).	Up to 70 points; 10 point bonus if an application includes six or more units for households at 30 percent CMI.
Integrated Supportive Housing	Development will provide supportive services in an integrated setting (less than 25 percent of residents require services).	Up to 15 points; 5 point bonus if some or all of the services are designed to address the needs of Veterans.
Elderly Assisted Living - RCACs	Development will provide supportive services to elderly persons in a certified Residential Care Apartment Complex (RCAC).	Up to 18 points
Rehab/Neighborhood Stabilization	Development proposes rehabilitation, or acquisition and rehabilitation, of existing single-family, two-family, or four-family housing as part of a targeted, city-supported plan to stabilize neighborhoods due to vacant properties and/or foreclosure.	Up to 30 points
Universal Design	Development offers architectural features that increase accessibility.	Up to 23 points
Financial Participation	Development has financial participation secured by the applicant for permanent (not construction) financing. Option A: One point for each percentage point of financial participation, including loans, grants, or cash donations from local governments, Federal agencies, the Federal Home Loan Bank, TIF financing, or area employers. Option B: Points determined by dividing the dollar amount of qualified cost reductions by the total development costs plus the cost reductions.	Up to 25 points; one or both options can be used.
Ownership Characteristics	Development where the controlling entity (managing member or general partner) is partially owned and controlled by a member of a minority group or a tax-exempt organization.	Up to 6 points
Eventual Tenant Ownership	All units are intended for eventual low-income resident ownership.	3 points
Project Development Team	Development team (developer, management agent, and consultant) will be evaluated based on past performance and previous tax credit program experience.	Up to 50 points
Readiness to Proceed	Development has permissive zoning in place for multifamily housing.	15 points
Credit Usage	Development uses relatively fewer credits per low income unit produced.	Up to 40 points
Employment Centers and High Need Areas	Developments that are near employment centers and/or located in areas with high occupancy rates where data suggests a severe housing need or an imbalance between housing and employment opportunities, or a local government has issued an RFP/RFQ to develop a project on publicly-owned land.	Up to 10 points for development near employment centers; Up to 20 points total if additional characteristics exist.
Maximum Possible Score: 409 points
