The above project is being amended to reflect an increase in the estimated project cost from \$18,880,500 to \$23,412,600, and an increase in Federal Highway Administration Congestion Mitigation and Air Quality Improvement Program (CMAQ) funds to be used on the project from \$7,880,000 to \$9,880,000, and an increase in State funds to be used on the project from \$9,575,500 to \$12,107,600. WisDOT has indicated that the additional \$2.0 million in CMAQ funding to be used on the project is from CMAQ funds that the State receives beyond the approximately \$12 million in CMAQ funding regularly made available annually to projects within the State biennial budget. Thus, the increase in CMAQ funds will not affect projects approved for CMAQ funding during previous funding cycles, and will not affect funds available to new projects in future CMAQ funding cycles.
