**REVIEW OF STATEMENT OF REVENUES AND EXPENDITURES FOR PERIOD ENDING JULY 9, 2017**
Copies of the Statement of Projected Revenues and Expenditures for reporting period 14 ending on July 9, 2017, were distributed for Committee review. Chairman Dwyer asked Ms. Larsen to review with the Committee the financial status of the Commission accounts as of the end of that period.

In reviewing the Statement with the Committee, Ms. Larsen commented that the period covered represented just over half of the calendar year. She then called attention to the following items:
1. The Federal and State revenue entries on the Statement remain unchanged from the report presented at the May meeting.

2. The service agreement revenues remain unchanged from the report presented at the May meeting.

3. The Chloride Impact Study has been added as a Special Projects line item. The Federal Highway Administration approved a portion of the funding to be used for this study. Tax levy and program development funds provide the required match on the Federal monies. The Commission also received a grant award from the Fund for Lake Michigan, which will provide a total of $127,000 through mid-2019, with $31,750 of those funds being expended in 2017.

4. The projection of expenditures through the end of the year compared with the budgeted revenues, indicates a surplus of $148,000. The surplus is expected to decline throughout the year with the payment of items such as the payment in lieu of taxes to the City of Pewaukee, business insurance, replacement equipment, and automobile replacement.

5. The liability, operating, and reserve accounts reported on the Statement reflect the findings of the 2016 financial audit.

6. The Commission had on hand as of July 9, 2017, approximately $6.33 million. This includes about $223,842 of unearned revenue provided to the Commission in advance of expenditures. The funds on hand are invested in the State of Wisconsin Local Government Investment Pool, which is presently paying 0.77 percent interest, and various money market accounts.

There being no inquiries or discussion, on a motion by Mr. Schmidt, seconded by Mr. Drew, and carried unanimously, the Statement of Projected Revenues and Expenditures for the period ending July 9, 2017, was accepted to be placed on file (copy attached to Official Minutes).

**UPDATE ON BUSINESS INSURANCE**

Chairman Dwyer asked Ms. Larsen to update the Committee on the business insurance renewal for 2017-2018.

Ms. Larsen noted that the Committee at the May meeting approved the Commission business insurance renewal for an amount not to exceed $46,000. The renewal for the insurance is $45,744.

Ms. Larsen then initiated discussion on a Social Engineering policy, an insurance policy to cover e-mail payment fraud.

A discussion ensued during which it was decided that Ms. Larsen would request a description of such a policy and a policy quotation from the Commission’s insurance agent. In addition, Ms. Larsen would inquire as to a policy with regard to ransomware attacks.

Mr. Pitts suggested Ms. Larsen contact the Commission’s banking representative to ask their opinion on such a policy.

Mr. Wirth indicated that the County Mutual Insurance policy covers e-mail hacks.
In further conversation with the Commission’s agent, Mr. Ron Knudson of Johnson Insurance, it was determined that many insurance companies are now offering a social engineering addendum as part of the crime policy. This addendum would cover a situation where a fraudulent third party is able to persuade staff to transfer funds via a check or wire transfer into a fraudulent bank account. West Bend Insurance Company does not offer the social engineering addendum with their crime policy. The Travelers does have a social engineering policy addendum as part of the crime policy. There is no additional cost to the Commission to add the Travelers Crime policy and to drop the West Bend crime policy. Staff will complete the paperwork to add the Travelers crime policy which will include the social engineering addendum.

In response to Mr. Wirth’s comment, Wisconsin County Mutual Insurance offers a Cyber Risk Enhancement endorsement which is a cyber liability policy and would cover inadvertent disclosure and theft of confidential information, and damage from computer viruses and hacking activity. Staff is working with Mr. Knudson to obtain a quote on such a policy.

**SELECTION OF AUDITOR FOR CALENDAR YEAR 2017**

Chairman Dwyer asked Ms. Larsen to make a recommendation regarding the selection of the Commission’s auditor for the calendar year 2017. Ms. Larsen recommended that the certified public accounting firm of CliftonLarsonAllen, LLP, (CLA) be retained by the Commission to conduct the audit of the Commission’s calendar year 2017 operations. Ms. Larsen reported that Mr. Jordan R. Boehm, the accountant assigned to the Commission by the firm, conducted a thorough audit; Mr. Boehm makes himself available to the Commission staff throughout the year to provide guidance and advice on financial accounting matters; and Mr. Boehm and his team at CLA have performed well, works cooperatively with staff, and have completed the audit on schedule. The staff recommended that the Commission engage the firm CliftonLarsonAllen, LLP, again at a cost not to exceed $26,000.

In response to an inquiry by Mr. Stroik, the 2014 audit was conducted by the firm of Scrima, Kabitzke, & Co. S.C. for a cost of $15,800.

There being no further inquiries or discussion, it was moved by Ms. Russell, seconded by Mr. Stroik, and carried unanimously, that the firm CliftonLarsonAllen, LLP, be retained to conduct the calendar year 2017 audit.

**COMPARISON OF COMMISSION PER DIEM PAYMENTS**

Mr. Hahn distributed a table prepared by the Commission staff comparing Commission meeting payments with the eight other Regional Planning Commissions in the State and each of the seven counties in the Region. He said that the Commission meeting payment is in line with the other Regional Planning Commissions; therefore, the Commission staff does not recommend a change in the payment.

Mr. Pitts moved to place this report on file.
CORRESPONDENCE AND ANNOUNCEMENTS

Chairman Dwyer asked Mr. Hahn if there were any correspondence or announcements.

Mr. Hahn noted there was no correspondence to report and then noted that work on the basement water leak is essentially complete. The leak issues have been addressed and a leak test has indicated that the leak has been reduced and localized. To try to correct this problem further would be costly and more disruptive to the tenant, and is not recommended at this time.

Mr. Stroik then noted that the leakage has only occurred when the water test is conducted, not during a rain. He then confirmed that the work has been completed.

ADJOURNMENT

There being no further business to come before the Committee, the meeting was adjourned at 2:09 p.m. on a motion by Mr. Pitts, seconded by Mr. Drew, and carried unanimously.

Respectfully submitted,

Michael G. Hahn
