**REVIEW OF STATEMENT OF REVENUES AND EXPENDITURES FOR PERIOD ENDING JANUARY 6, 2019**

Copies of the Statement of Projected Revenues and Expenditures for reporting period 1 ending on January 6, 2019, were distributed for Committee review. Chairman Dwyer asked Ms. Larsen to review with the Committee the financial status of the Commission accounts as of the end of that period.

In reviewing the Statement with the Committee, Ms. Larsen commented that the period covered the beginning of the calendar year, and no attempt was made to show actual expenditures or to project expenditures for the year given this very short period of time. She then called attention to the following items:

1. The revenue entries on the Statement largely reflect the budgeted amounts set forth in the Commission’s Overall Work Program approved in November 2018. She noted that with respect to Federal and State Transportation Funds, a final approval letter securing these funds was received in January from the Wisconsin Department of Transportation (WisDOT). The Wisconsin Department of Administration revenue for the Coastal Management Program has also been secured and the Wisconsin Department of Natural Resources revenue for the Water Quality Planning Program is expected to be secured.

2. With respect to service agreement revenues that support work activities in the planning program areas of land use, water quality, floodland management, economic development, and community assistance, many of the funds identified in the Statement already have been secured or are expected to be secured within the next few months. She noted that the $71,518 in building program revenues identified in the service agreement column represents the rent to be paid in 2019 by the Commission’s tenant, ProHealth Care, Inc. In December 2018, ProHealth signed an agreement extending their lease through March 31, 2022, with two one year renewal options through March 31, 2024.

3. The liability, operating, and reserve accounts reported on the Statement reflect the findings of the 2017 financial audit. These accounts will be adjusted upon completion of the audit for 2018.

4. The Commission had on hand as of January 6, 2019, approximately $6.86 million. This includes about $323,220 of unearned revenue provided to the Commission in advance of expenditures. The funds on hand are invested in the State of Wisconsin Local Government Investment Pool, which is presently paying 2.37 percent interest, and certificate of deposit accounts.
In response to an inquiry by Mr. Buestrin, Ms. Larsen stated that due to the nature of closing the books for Calendar Year 2018, it is too early to determine if there will be a surplus or deficit.

In response to an inquiry by Mr. Dwyer concerning interest rates earned on money market accounts, Ms. Larsen stated she is aware that interest rates vary with the amount invested, but has not noticed a difference in business rates versus personal rates with regard to money market accounts.

There being no further inquiries or discussion, on a motion by Ms. Russell, seconded by Mr. Nelson, and carried unanimously, the Statement of Projected Revenues and Expenditures for the period ending January 6, 2019, was accepted to be placed on file (copy attached to Official Minutes).
