Areas of Interest

Housing and transportation needs of seniors, particularly low-income seniors
Housing needs of marginalized groups
Federal funding spent in economically distressed areas
How local planners and developers utilize the long-range transportation and land-use plan

NOTE: The action item list was initiated in December 2018 at the request of the Task Force. The intent is to track the actionable requests of Task Force members and demonstrate how requests are addressed. Starting with the June 2026 Task Force meeting, staff began tracking “areas of interest” to acknowledge topics raised by task force members for consideration during related planning activities. The “areas of interest” section may be reformatted in the future to keep the list manageable.
