Interested in the future of Southeastern Wisconsin's transportation system and how the Region's land is developed?

Join the Southeastern Wisconsin Regional Planning Commission (SEWRPC) to talk about VISION 2050—the land use and transportation plan for the seven-county Region. SEWRPC is currently proposing some updates to the plan and will also share information about a funding gap for the transportation system and how the plan would help improve equity across the Region.

This is the second round of public meetings for the federally required 2020 Review and Update of VISION 2050. This is your opportunity to learn about the plan and provide input before SEWRPC finalizes the plan update later this spring.
