

Public Participation Process Quantitative Evaluation for the Southeastern Wisconsin Regional Planning Commission: 2018

Measured Activity Descriptions by Public Participation Goal Components	Evaluation Criteria/Mechanisms	Target or Measurement	Status for 2018	Relationship to Target
Goal Part 1: Ensure Early and Continuous Public Notification				
Central city, minority, and low-income group updates via personal letter, often with informational materials, and emails, and follow-up as appropriate	Such letters and emails correspond to all major stages in relevant planning programs, notably transportation. Additionally, routine updates are provided as part of organizational networking	At least two updates per year to as many as 75+ organizational contacts (the number of organizations and recipients varies over time due to organizational and leadership changes)	Two letters in April and November with personalized, handwritten notes were distributed to approximately 75+ community organizations. The letters provided updates about VISION 2050 and offered opportunities to meet individually with Commission staff about VISION 2050 and/or to participate in the VISION 2050 process. Letter enclosures and email links provided recipients with VISION 2050 materials.	The target/measure was exceeded.
Paid advertisements for public meetings and/or planning program announcements in a variety of newspapers (dependent on number of planning programs active and their respective stages of planning)	Publication in newspapers of record for counties as appropriate, and minority-owned papers	Approximately 10 advertisements per year in multiple publications	Fourteen paid advertisements were published to newspapers of record to announce the VISION 2050 public workshops.	The target/measure was exceeded. Newspaper ads helped to provide continuing notification of Commission activities and also complemented and reinforced additional means of communication outlined in this summary report.
Website hits to be monitored numerically and for trends; website comments also monitored for content and any trends	Researched recent SEWRPC website use patterns and monitored changes for recent years	Increase www.sewrpc.org hits by 5 percent per year (there were 93,019 hits in 2017)	SEWRPC website hits for 2018 included 96,343 hits on the main site.	The target/measure was not met for 2018, as website hits increased approximately 4 percent since 2017. All website comments needing or requesting responses were answered by the appropriate Commission staff.

Goal Part 2: Provide Meaningful Information				
<p>Briefings, presentations, or other meetings with groups representing environmental justice and non-traditional groups and interests</p> <p>Activities include individual meetings, small group discussions, and events sponsored by the contact organization, such as annual dinners, conferences, and other specific initiatives.</p>	<p>Direct, in-person contacts with group directors, boards, clientele, members, or other parties</p>	<p>Reach at least 100 groups, totaling at least 200 meetings annually (includes primary contacts and key partners)</p>	<p>More than 390 direct contacts were made with community organizations – almost all of which serve low-income populations and minority populations and a small number of which serve primarily transportation and environmental interests – including more than 260 recurring contacts, more than 35 new contacts. (These contacts do not reflect SEWRPC public meeting contacts).</p> <p>One presentation relative to the VISION 2050 land use changes and transportation improvements serving the Foxconn campus and updated analysis of costs and revenues associated with the transportation system amendment process was provided to a wide range of groups and organizations, including organizations that serve minority residents and low-income residents, community and neighborhood organizations, service clubs, business associations, school groups, and environmental organizations.</p>	<p>The target/measures were greatly exceeded, helping to provide meaningful and continuing notification and dialog and build long-term connections.</p>
<p>SEWRPC publication development and distribution, intended to share information and maintain continuity. This includes newsletters and plan summary publications and brochures that summarize plan and report content and other planning material, or that introduce programs or basic concepts.</p>	<p>Publications are developed and distributed according to audience needs and the publication of Commission reports and plans and public outreach efforts</p>	<p>At least five publications per year</p>	<p>Three issues of the <i>Regional Planning News</i>, in March, September and December, were distributed to the general public relative to VISION 2050 and the chloride study.</p> <p>A summary of the adopted amendment to VISION 2050 related to the Foxconn development, the highway safety measures and transit and highway measures can be found here</p>	<p>The target/measure was not met for 2018. Publications for different audiences and needs also filled a recommendation of the Commission's Environmental Justice Task Force.</p>
<p>Formal meetings with representatives from the Primary Organization contacts identified by SEWRPC and its Environmental Justice Task Force.</p>	<p>Written summary of key concerns and suggestions, follow-up contacts, and involvement in joint activities</p>	<p>At least two direct contacts with each of some 28 Primary Organizations per year, totaling at least 60 meetings</p>	<p>A minimum of 3 direct contacts were made with each Primary Organization during 2018 to engage in direct dialog about VISION 2050, transportation, housing, and other issues, including:</p> <ul style="list-style-type: none"> • An annual meeting with the community partners was held in August to update them on VISION 2050 amendments & other SEWRPC projects and allow them to share with SEWRPC and amongst themselves how each organization was impacting their communities • 100 total one-on-one efforts with Primary Organizations • 57 recurring contacts with the community partners 	<p>The target/measure was greatly exceeded, with primary organizations directly receiving VISION 2050 and other Commission information on a regular basis in a variety of situations and formats.</p>
<p>Public informational meetings held at each major stage of planning efforts</p>	<p>Numbers and locations of meetings are appropriate to the planning study/program; meetings are held in each appropriate county, including central cities</p>	<p>One or more meetings or series of meetings each year, regardless of planning activity</p>	<p>Commission staff held public meetings in Racine, Kenosha, Milwaukee and Waukesha counties for efforts conducted by individual divisions and Commission staff related to the VISION 2050 amendment related to the Foxconn development, the changes to highway safety measures and transit and highway measures.</p>	<p>The target/measure was met for 2018.</p>

2018 Evaluation Conclusion:

The year 2018 was again an impactful one with regard to public participation activities conducted by the Southeastern Wisconsin Regional Planning Commission. 2018 was the seventh year for evaluation of targeted measures specified in the Commission’s *Public Participation Plan* documents. In that regard, targets/measures were exceeded. All three parts of the Commission’s Public Participation goal have thereby been addressed: 1) to ensure early and continuing public notification, 2) to provide meaningful information, and, 3) to obtain participation and input. The Commission’s goals for public participation were achieved for 2018 and will continue to be a priority.
