Subject: SEWRPC Federal Certification Review Report

Dear Mr. Muhs:

On August 25-26, 2020, the Federal Highway Administration (FHWA) and the Federal Transit Administration (FTA) jointly conducted a certification review of the planning process for the Southeastern Wisconsin Regional Planning Commission (SEWRPC) Transportation Management Area (TMA). The certification review concluded that the SEWRPC planning process met and exceeded Federal planning requirements. Please find attached the final certification review report which summarizes the content and conclusions of the review. This report has been transmitted concurrently to the Wisconsin Department of Transportation.

We would like to thank SEWRPC and its staff for their time and assistance in planning and conducting the review. If you have any questions regarding the enclosed report, please direct them to either Mitch Batuzich of the FHWA Wisconsin Division, at (608) 829-7517 or Mr. Bill Wheeler of the FTA Region 5, at (312) 353-2639.

Sincerely yours,

Kelley Brookins
Regional Administrator
Federal Transit
Administration

Sincerely yours,

Glenn Fulkerson
Division Administrator
Federal Highway Administration
