				HSIP	TOTAL	278.8	--	--	--	--	
	(483)										
	6009967	4867-03-00									

The above project is being amended to reflect a change in the timing of construction from 2020 to 2019.

^aThe Federal Highway Administration (FHWA) Congestion Mitigation and Air Quality Improvement Program (CMAQ) funding that the Wisconsin Department of Transportation (WisDOT) has indicated to be used on this project is from additional CMAQ funding being made available that is beyond the approximately \$11 million in CMAQ funding annually available within the State biannual budget. Thus, the use of CMAQ funds by this project will not affect projects approved for CMAQ funding during previous funding cycles, and will not affect funds available to new projects in future CMAQ funding cycles.
