The above project is being amended to reflect a change in project scope. The City of Milwaukee was previously approved for Federal Surface Transportation Program-Transportation Enhancement (STP-E) funds to install anti-slip treatments in bike lanes on four lift bridges over the Milwaukee River--Water Street, Wisconsin Avenue, Juneau Avenue, and Pleasant Street bridges. The City is now proposing to install the anti-slip treatments on the St. Paul Avenue, Wells Street, and Cherry Street bridges rather than the Wisconsin Avenue, Juneau Avenue, and Pleasant Street bridges.
